1001 Pennsylvania Avenue, Ottumwa, Iowa 52501 | 641.684.2300

Our role as a leading provider of healthcare and economic support for our neighbors is driven by our mission of Making Communities Healthier<sup>®</sup>. We are privileged to call this vital community home and proud to be part of a national diversified healthcare delivery network that allows us to continue to enhance how we care for those we serve.

The support of LifePoint Health and community partners like you help us to advance our mission and create places where people choose to come for healthcare, physicians want to practice and employees want to work. Thank you.

— Dennis Hunger, CEO

## In 2021, we...

...added 32 employed, affiliated and telemedicine providers

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in emergency medicine, hospital medicine, cardiology, surgery, telepsychiatry, teleneurology and teleradiology.

...made more than \$5.2 million in capital improvements

**By continually investing in our facilities**, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included OR video towers, a portable digital X-ray machine and equipment for our radiation oncology department.

...distributed a payroll of \$45,414,492 to more than 550 employees

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$12 million in services to those in need

**Delivering care to all of our neighbors**, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$4,993,939 in taxes

**We are proud to be a leader in our region**, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
